The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, CA 90012

Dear Supervisors:

ACCESSING CRIMINAL HISTORY INFORMATION ON COUNTY EMPLOYEES AND CANDIDATES FOR EMPLOYMENT WITH THE COUNTY OF LOS ANGELES (ALL DISTRICTS) (3-VOTES)

SUBJECT

The recommendation of the Chief Executive Officer (CEO) and the Acting Director of Personnel is to replace the Board Resolution of November 10, 1998 regarding criminal history background checks (Attachment I) with a new resolution (Attachment II) that will provide the authority to expand current access to State and local summary criminal history information to include access to federal-level criminal history information on County employees and candidates for employment with the County of Los Angeles.

IT IS RECOMMENDED THAT YOUR BOARD:

Approve the attached resolution to authorize the Director of Personnel and each appointing authority to access federal, State, and local summary criminal history information for employment purposes.

Instruct the Acting Director of Personnel to:

- a. Immediately implement all the provisions of the resolution for future and existing executive-level unclassified sensitive positions as identified in the Charter of the County of Los Angeles Section 33(c) and (i), non-represented employees and applicants;

Board of Supervisors
GLORIA MOLINA
First District

MARK RIDLEY-THOMAS
Second District

ZEV YAROSLAVSKY
Third District

DON KNABE
Fourth District

MICHAEL D. ANTONOVICH
Fifth District

- b. Continue the current criminal background check practices for represented employees and contract personnel;
- c. Immediately implement all the provisions of the resolution for volunteers, except those who are minors under the age of 14, and compensated election personnel who work less than three days per election, as approved by the Department of Human Resources;
- d. Update and reissue County policy on the process to be utilized in conducting criminal background checks that is consistent with Department of Justice and County requirements;
- e. Develop the written statement reflecting the Board's policy on the designation of sensitive positions and the work performed by employees, contract personnel and volunteers to be covered by this resolution; and the standards for determining the types of convictions that warrant withholding of employment or appointment to these positions; and
- f. Work with the CEO to do a feasibility study for a phased implementation of the nationwide provisions of the resolution, and related policy, for represented employees upon conclusion of the discussions by the Chief Executive Officer and employee unions, subject to funding availability. Such a plan must include specific provisions to address circumstances where it is determined that an existing employee can no longer stay in a sensitive position and should consider the County's flexibility and capacity to make reassignments as needed.

PURPOSE /JUSTIFICATION OF RECOMMENDED ACTION

The current Board resolution on accessing criminal history for employment purposes is limited to State and local information. The new resolution will allow access for federal-level information as well. This will allow for a more comprehensive evaluation of applicants, current employees, contract personnel, and volunteers for designated sensitive positions. Screening the backgrounds of these individuals to determine if they have criminal convictions that are incompatible with the duties of sensitive positions is vital to County operations and public protection.

Recently, the Department of Human Resources conducted a Countywide review of departmental practices relating to criminal background checks in response to your Board's order dated October 28, 2008 (Attachment III). Departments reported that approximately 35% of the current workforce has not been fingerprinted or does not have a "flag" in the Department of Justice system to notify the County of subsequent arrests/convictions. The review identified several issues such as the need to fingerprint current County employees

who provide services to children, the type of contractors and volunteers that are subject to Live Scan, the limitations and requirements relating to fingerprinting minors, and job suitability determinations for court referrals.

It is proposed that CEO and Department of Human Resources explore the feasibility of applying the new resolution to other County positions in phases at a later date. As part of the feasibility study, we will need to meet and confer with all employee unions. Any proposed implementation plan must recognize current budgetary constraints and the County's capacity to handle reassignments, if needed. Once those matters have been resolved, we will come back to your board with the results of the feasibility study.

Implementation of Strategic Plan Goals

The County Strategic Plan directs that we maximize the effectiveness of processes, structure, and operations to support timely delivery of customer-oriented and efficient public services (Goal 1). A comprehensive criminal background check is one of the methods to ensure that the individuals who are entrusted with performing the duties related to this goal have backgrounds that are compatible with County employment. It is especially critical that there be immediate implementation of the resolution's provisions for those individuals who are appointed to executive-level positions and have the responsibility for ensuring this goal is carried out within their organizational units, as they must demonstrate that their conduct, both present and past, reflects the integrity required of a high-level County official.

FISCAL IMPACT/FINANCING

There will be no increase in costs as a result of adoption of this resolution and limiting implementation to executive-level, unclassified sensitive positions and non-represented employees and applicants. Funds are budgeted within each County department for this purpose. The fiscal impact for the non-executive level positions will be detailed in the feasibility study that will be submitted at a later date.

FACTS AND PROVISIONS/ LEGAL REQUIREMENTS

On November 10, 1998, your Board authorized the County to access State and local summary criminal history information for employment purposes for persons in sensitive positions, whether those persons are employees of the County or perform services pursuant to contract. However, the County now requires the authority to access that information on a federal basis as many candidates for County employment in executive-level unclassified sensitive positions have resided and worked outside of the state of California and it is essential that a comprehensive nationwide review of their background take place. Penal Code Section 11105(b)(11) authorizes cities, counties and districts to access federal level criminal history information with the express authority of their local

governing body, which for the County of Los Angeles is your Board. The attached resolution will provide such express authority.

IMPACT ON CURRENT SERVICES

The recommendations contained herein to expand the current background check program to access federal criminal history information, and to update County policy to immediately implement these provisions for candidates for executive-level unclassified sensitive positions and non-represented employees and applicants, is designed to strengthen the County's employment practices to ensure that high-level County officials have backgrounds suitable for their employment based on County standards.

Respectfully submitted,

WILLIAM T FUJIOKA

(3) The County of Los Angeles shall not place a person in a sensitive position if he or she has been convicted of a felony or a misdemeanor; except that such conviction may be disregarded if it is determined that there were mitigating circumstances or that the conviction is not related to the position and poses no threat or risk to the County or to the public.

BE IT FURTHER RESOLVED that each County department shall review and identify its specific sensitive positions. All departments must secure criminal conviction information on candidates being considered for positions within the following categories:

Each department's personnel officer shall maintain the list of sensitive positions.

The Director of Personnel and the Affirmative Action Compliance Officer will periodically review this list.

Further, unauthorized disclosure of criminal history information is punishable as a crime. Therefore, each department's personnel officer is designated as the custodian of the information and will be responsible for its security and confidentiality. The personnel officer will establish the following procedures to maintain confidentiality, and may establish such additional procedures as are necessary to implement this policy:

- The information will be maintained under lock and key and will not leave the premises of the personnel office.
- The personnel officer will determine "need to know" and will ensure that only those individuals with a legitimate "need to know" are permitted to review the information.
- The personnel officer will maintain a log containing:
 - The name and title of the individual reviewing the information;
 - The date and time the individual examined the information in the personnel office;
